

2021 PRESIDENT'S CUP

Experimental format for 10m Air Rifle/10m Air Pistol individual events (Men/Women)

Qualification: according to the existing rules. Top eight athletes proceed to the Semifinal.

Semifinal: 2 groups of 4 athletes. Group 1 – places 1, 3, 5 and 7 after Qualification. Group 2 – places 2, 4, 6 and 8 after Qualification.

Scoring: on points

4 athletes start from “zero” and make five single shots. Each shot can bring any athlete 4 points (best result), 3 points (second result), 2 points (third result) or 1 point (lowest result). Same result brings the same number of points.

After 5 single shots the athlete with the lowest number of points is eliminated. In case of the same result for the fourth place, shoot-off must take place.

Three athletes continue with the next series of 5 single shots. Each shot can bring any athlete 3 points (best result), 2 points (second result) or 1 point (lowest result). Same result brings the same number of points.

After the second series of 5 shots another athlete with the lowest number of points is eliminated. In case of the same result for the third place, shoot-off must take place.

Two athletes with the highest number of points after 10 shots proceed to the Final.

Final

4 athletes start from “zero” and make five single shots. Each shot can bring any athlete 4 points (best result), 3 points (second result), 2 points (third result) or 1 point (lowest result). Same result brings the same number of points.

After 5 single shots the athlete with the lowest number of points is eliminated. In case of the same result for the fourth place, shoot-off must take place.

Three athletes continue with the next series of 5 single shots. Each shot can bring any athlete 3 points (best result), 2 points (second result) or 1 point (lowest result). Same result brings the same number of points.

After the second series of 5 shots another athlete with the lowest number of points is eliminated. In case of the same result for the third place, shoot-off must take place.

Two athletes continue with another series of 5 single shots. Each shot can bring any athlete 2 points. The athlete with lower result gets 0 points. In case of the same result of the shot – each athlete gets 1 point.

The athlete with the biggest number of points after 15 shots becomes the winner. In case of the same number of points, shoot-off must take place.
